Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's representative called inquiring as to the status of the preliminary amendment filed September 25, 2001. After reviewing the file, the examiner informed the applicant's representative that the preliminary amendment had not been entered and will be done so immediately. The preliminary amendment cancels all of the originally filed claims, 1-13, and replaces them with new claims 14-25, therefore rendering the original rejection of claims 1-13 sent by the examiner in paper number 9 on December 4, 2002. The applicant's representative was informed that a new non-final office action would be written addressing the new claims 14-25 and the applicant's time for prosecution would be restarted.
